* Confirmed and approved cases, as of date this report is compiled. Data for 2021 are considered preliminary and subject to change.

Comments:

- Sexually transmitted disease and tuberculosis cases are reported directly to the NJ Department of Health.

For more information about this report, please call David Henry at (732) 493-9520 or email dhenry@mcrhc.org.

Performance Management for Immediately Reportable and 24 Hour Reportable Communicable Disease:

- Immediately reportable diseases are responded to and investigated immediately 100% of the time.
- 24 hour reportable diseases are responded to and investigated on the same day, or on the next day 100% of the time.
*Included in this report are MCRHC towns and Middletown.
- There has been a 50% decrease in Total Number of Reported COVID-19 cases since August 2021.
- For the month of September 2021, the percentage of Confirmed positive COVID -19 for the MCRHC jurisdictions (including Middletown) cases is down by 9% since August 2021.
- MCRHC (and Middletown) have seen a slight decrease in the numbers for non-COVID communicable diseases for September 2021.
